WaWalkerton Tavern

Dear Lurline,

After we closed the tearoom part of our business, I have continued to involve myself with tea services through tea education and tea catering. Tea is my passion!

I initially started the Tea Programs with Walkerton Tavern before we open the tearoom. I am now back working in this beautiful historical house, ready and armed for another round of tea services. And, this is something that you don't want to miss!

Built by John Walker between 1824 and 1825, Walkerton Tavern is located at 2892 Mountain Road in Glen Allen. In the course of its history, the structure has served as a tavern, store, post office, voting precinct, and possibly a field hospital for wounded Union Cavalrymen in 1864.

Walkerton Tavern and its gardens host a variety of programs and special events for all ages and are available to rent for weddings, conferences, and group meetings. For facility and program information, contact the staff at Walkerton Tavern.

Please note: Parking for programs and events at Walkerton Tavern is available in the parking lot shared with The Cultural Arts Center at Glen Allen.

I hope you can join us this month for the "Fall Harvest Tea Tasting" and again in December for the "Holiday Tea Tasting."

If you would like to learn more about tea, please contact the University of Richmond School of Continuing Studies where I teach a course called "Experience the Essence of Tea."

There will be other events to be scheduled next year. Pick up a copy of the County of Henrico Recreation and Parks Program. You can also check: www.cuppateacompany.com.

If you are interested in a Bridal Shower tea, a Baby Shower tea, or other tea parties, please call the Walkerton Tavern.

I hope to see you soon!!!

Lurline Wagner
